
Chief Ombudsman releases final opinion on East Lake Trust/Regenerate Christchurch case

Greenwood Roche lawyers, Lauren Semple and Rachel Murdoch, have been working with Regenerate Christchurch on the development of the draft Otakaro Avon River Corridor Regeneration Plan which is the subject of this review case.

In response to a complaint, the Chief Ombudsman's opinion confirms that Regenerate Christchurch acted lawfully and in an administratively reasonable manner in the development of the draft plan. The draft plan is currently with the Minister for Greater Christchurch Regeneration for her approval or decline. For more information and to review the case note please click [here](#).
