
Kate Watt joins Greenwood Roche

Kate Watt joins us as a Principal in our Auckland office

We are very excited to announce the addition of Kate Watt as a Principal in the Greenwood Roche team.

Kate began her career at Bell Gully, then was at 'magic circle' firm Freshfields in London for six years, before returning to Bell Gully. After a few years as the Associate General Counsel at Heartland Bank, Kate left to build 'New-Law' firm Shift Advisory.

Since 2021, Kate has been consulting independently – providing legal and commercial advice and project management to established corporates and growth businesses.

Kate has broad experience across corporate, commercial, banking, finance and regulation, with particular experience in the finance and energy sectors. Her renewable energy project work has included close involvement in landowner negotiations, PPA negotiations and project financial close.

Supporting the team nationwide, Kate will be based in our Auckland office. Welcome to Greenwood Roche Kate!
