
Top Energy's new transmission lines

Top Energy Limited supplies electricity to the Far North region and is improving its infrastructure network to increase capacity, security and reliability.

Greenwood Roche is advising Top Energy Limited on several new electricity transmission line projects, in particular the new 110kV lines from Kaikohe to Wiroa and from Wiroa to Kaitaia. Our work includes strategic advice, acquisition of land property rights, Maori land issues, compulsory acquisition, compensation entitlements and forestry issues.
