
The development of the Redhills area

Greenwood Roche is assisting Watercare deliver an improved wastewater network to enable the development of the Redhills area.

Watercare is working with various interested parties to deliver improved wastewater services to enable the Redhills area to be extensively developed with the introduction of close to 10,000 residential properties.

Hadleigh Yonge is leading Greenwood Roche's team which is advising Watercare on aspects of this project, including providing strategic advice, negotiating and acquiring property rights, and advising on and negotiating infrastructure funding agreements.
